

Course Overview
Antimicrobial Resistance
Communicable Diseases, EPI Curves, and Modes of Transmission
Community and National Responses to Malnutrition
Community Approaches to Primary Health Care
Cultural Issues in Global Health
Disabilities
Disaster Medicine
Displaced and Refugee Populations
Ebola
Emerging and Re-Emerging Infectious Diseases
Environmental Health
EPI Vaccines and Preventable Diseases
Epidemiology of Communicable Disease, and Epidemic Investigation
Essential Drug List
Family Planning
Geographic Distribution of Infectious Diseases
Global Disease Eradication
Global Health Ethics
Global Mental Health: Perspectives and Epidemiology
HIV Epidemiology and Control
Injuries
International Oral Health
Intro to EPI and Measures of Morbidity and Mortality
Key Micronutrient Deficiencies and Their Prevention
Medical Management of Bioterrorism
Neglected Tropical Diseases
Non-Communicable Diseases: A Global Perspective
Nutrition and Growth Monitoring
Occupational Health
Palliative Care in Developing Countries
Protein Energy Malnutrition
Role of International Organizations and Volunteer Organizations in Global Health
Role of Women in Health

M. Casey
Dr. Bryan
Dr. Werntz
Dr. Mbutia
Dr. Martin
Dr. Lee
Dr. Cannarella Lorenzetti
Dr. Fisher
Dr. Fisher
D. Friend
Dr. Elswick
Dr. Guilfoose
Dr. Davidov
Dr. Yura
Dr. Martin
Dr. Hurley
Dr. Fisher
Dr. Waqar
Dr. Misra
Dr. Reece
Dr. Werntz
Dr. Grey
Dr. Hurley
Dr. Snyder
Dr. Cannarella Lorenzetti

Rural Development
Statistical Inference, Hypothesis Testing, and Sample Size
Study Design, Clinical Trials, and Metanalysis
Surveillance Systems
Trafficking
Vector Control
Water and Sanitation
Module Review

Dr. Masilela
Dr. Martin
Dr. Martin
Dr. Mark-Carew
Drs. Newfield
Dr. Obenauer
Dr. Solomon
Drs. Fisher and Martin
