

INTERNSHIPS AVAILABLE!

Neuroscience Undergraduate Research Opportunity

May 30 - July 28, 2023

The Department of Neuroscience and Center for Foundational Neuroscience Research & Education at West Virginia University will offer up to 8 summer internships of research-intensive training to diverse, competitive undergraduate students who are currently enrolled at a US college or institution and have completed their second or third year.

The Opportunity:

- Conduct research with faculty mentors and graduate students
- Design a research poster and present at a symposium on campus
- 9-week research-intensive training in one of these areas:
 - Sensory, cognitive, and behavioral neuroscience
 - Neural injury, including stroke
 - Neurodegeneration
 - Neuropsychiatric diseases

The Benefits:

- ~Nine weeks of research-intensive experience, weekly journal clubs, a poster symposium, and activities
- A research stipend of \$4,000, plus competitive travel support (if requested)
- A double-room in a residential hall
- Access to state-of-the-art laboratories, libraries, and recreational facilities
- A fun, interactive, educational, awesome summer experience!

The Requirements:

- US Citizen or Permanent Resident with preference given to individuals who identify as African American, Hispanic/Latino, American Indian/Alaska Native, Native Hawaiian/Pacific Islander, or First Generation College Students
- ≥ 3.0 overall GPA and currently enrolled in a US college or university
- Strong background in biology, neuroscience, engineering, or psychology
- Online application, résumé, two letters of recommendation, and official transcripts required to apply

Application deadline is February 27, 2023. Applicants will be notified of selection as early as March 13, 2023. More information and the application can be found at: <https://medicine.hsc.wvu.edu/neuroscience/about-us/training-and-internships/neuroscience-undergraduate-research-opportunity-nuro/>
